Snell Hall	Nellie Stewart	(541) 885-1990	Ben Kintner	(541) 885-1314

CAMPUS MAP

Building Managers Policy OIT-50-030: Responsibility for coordinating the safety, maintenance, and security functions of each building on the OIT campus shall be vested in a building manager. This will provide a single authority in each building to deal with the various concerned campus agencies (i.e., Facilities Services, Campus Safety, Environmental Health and Safety, Emergency Management) and to coordinate work orders, maintenance, safety inspections, emergency responses and building security. Control of these functional areas by one manager in each building provides a single manager to prioritize work efforts and a single point of contact for residents and occupants of that building.

Effective: July 29, 2019
