Academic Honors
At each Commencement, Oregon Tech recognizes academically outstanding students who will receive a bachelor's degree. These honors are based on all Oregon Tech courses. Students must have 75 Oregon Tech credits to be eligible for honors unless they are in a degree completion program.

Honors for those students are based on all Oregon Tech courses and transfer courses used for the degree. Academic honors are based on the following criteria:

- Cum Laude (with honors) 3.50-3.74 grade point average
- Magna Cum Laude (with high honors) 3.75-3.89 grade point average
- Summa Cum Laude (with highest honors) 3.90-4.00 grade point average

Honors, for Commencement purposes, are calculated on Winter term grade point averages. A final calculation is done once Spring grades are finalized. Summer graduates are not included in the Honors calculations for Spring Commencement.

Honor graduate names will be posted in the University Registrar's Office at the end of May. If you believe you qualify for honors but do not find your name on the list, please contact the University Registrar's Office.
